Choose one or more of the methods by which you wish Chinese companies contact you:

Email Telephone Fax Mail

Please fax back the completed form to 416-366-1818

The Chinese Business Chamber of Canada (CBCC) is the only business association that provides a free export service to Canadian exporters who need to find sales agents or representatives in China. Once we receive the completed Export Service Request Form from a Canadian company, we email the information to our members which have established sales networks in China. The Chinese company (or Chinese Canadian company), which has the interest to represent Canadian products in China, will contact the Canadian exporter directly; the CBCC is not a business and will not directly get involved in business transactions. Our unique role is to bring different parties together.

The CBCC is a non-profit organization established in 1998, and it is a business association of the Mandarin Chinese. With over 1,200 active members we are the largest Chinese business association in Canada.

For more info please contact the CBCC at 416-366-0966 or visit www.chinesebusiness.ca
